## **PUBLICATION CONTRACT**

### **Contract parties**

1. Corresponding author:

---

2. Finnish Pharmacists' Association (publisher of DOSIS – Farmaseuttinen aikakauskirja)

### **Object of contract**

The object of this contract is a manuscript, which shall be considered to include all the elements that are protected under copyright legislation irrespective of their pertinent form of protection.

The contract applies to the following work / works (Article heading):

---

### **Transferral of rights**

Through this contract, the author/authors transfer to the publisher the exclusive publication rights to the work in print and electronic format in all media as well as the right to archive the work.

The recipient of this transferral is entitled to hand the rights over to a third party for using the work for an educational purpose and to collect the direct expenses caused by this transferral from the third party.

It is the responsibility of the corresponding author to ensure that the work is authored by him or her / the group of authors, and the corresponding author asserts that the material to be published does not include content, whose publication would infringe on third-party rights. If pictures, diagrams or other copyright-protected elements drafted or published by a third party are used in the work, the corresponding author is under the obligation to ensure that permission for their use has been requested and granted.

The publisher is entitled to correct spelling errors and make other minor alterations that do not affect the factual content of the text.

The author/authors will not be paid a fee.

The work will be published as part of the Finnish Pharmacists' Association's publication activities.
